# ABOUT THE SYMPOSIUM

**THE HUNTER REGION IS A NEW ENERGY INDUSTRY, RESEARCH AND INNOVATION POWERHOUSE.**

**New.E alongside HunterNet is excited to be hosting the Hunter New Energy Symposium in Newcastle on the 21-22 May 2025.**

- The Hunter New Energy Symposium is a cornerstone event for the region that will feature representatives from industry, government, research and capital markets.
- The Symposium will take a deep dive into the diverse range of new energy opportunities in the Hunter region. The event will showcase significant projects, investments and initiatives that are underway and in development.
- Participants will hear from government, industry and research thought leaders on topics that are driving the region toward realising a new energy future.
- The event will spotlight projects and initiatives that are driving greater economic growth, industry collaboration, research and innovation and increased public and private investment.

## **At the conclusion of the Symposium attendees will have:**

- Boosted their understanding of new energy industries and future trends.
- Learned from and connected with major projects and investment in the region and beyond.
- Gained a deeper understanding of policy and projects that will impact the region.
- Increased awareness of factors to enable “new energy readiness”.
- Engaged in conversation related to future skills, standards, workforce development.

## EXHIBIT AT THE EVENT

The exhibition presents an excellent opportunity for new and established energy solution providers and stakeholders to showcase their projects, technologies and services to a highly engaged and relevant market.

**\$3,500<sup>+GST</sup>**

- Single exhibition table
- Table space includes 2 x seats, access to power and full creative licence to utilise the space
- Full conference package for one (1) nominated delegate

**Bump In:** Exhibitors can drop off exhibition items such as banners, merchandise, display screens etc. from 1pm - 4pm Tues, May 20. Your exhibition space will then need to be set up between 6am and 8am prior to registrations on Wednesday, May 21.

**Bump out:** Must be completed either prior to or immediately following the Industry Dinner on Thursday evening, May 22.

New.E and HunterNet will allocate tables to ensure the most effective layout of the spaces available. Exhibitors may book multiple tables and customised spaces are possible on request. Sponsorship and exhibition bundles are also available.

There is also the potential to exhibit items such as vehicles in the outdoor Wheeler Place adjacent to Town Hall.

For more information on sponsorship and exhibition packages, please contact Merran Wiggins, [merran@hunternet.com.au](mailto:merran@hunternet.com.au), 0414 599 636.

# HUNTER NEW ENERGY

**New.E supports the development of new energy supply chains, reduces overlaps and identifies gaps in the development, deployment and commercialisation of new energy focused technologies.**

## WHY THE HUNTER?

- An extensive project pipeline, with demonstrated ability to diversify.
- A range of industries with a culture of collaboration.
- A large number of mature SMEs, with specialised skills to catalyse knowledge.
- A vibrant innovation culture and ecosystem.

## KEY AIMS

- To provide the enabling environment for industry to participate in this emerging sector.
- To provide the setting to showcase new technologies and opportunities.
- Through the stakeholders, accelerate opportunities to connect and grow.
- Assist with updates, knowledge exchange and funding opportunities related to the new energy economy.
- To assist in strategy development, both locally and nationally.
- To leverage national and international cluster networks.

**The Cluster forms part of HunterNet, Australia's preeminent Industry organisation for leading industry collaboration and innovation.**
