WE CARE. WE DELIVER.

# Kings Engineering is a leading provider of overhauled equipment for the international tunnelling industry

Headquartered in Australia and now in our 100<sup>th</sup> year, we have built a proud reputation of engineering excellence. We have worked with tier one construction companies to deliver dozens of full overhauls of Mitsui Miike S300 Roadheaders for major infrastructure projects.

- **Industry leader in providing Sustainable Overhauled Roadheaders**
- **Australian and New Zealand Mitsui Miike Parts & Service Agency**
- **Used Mitsui Miike Roadheaders for sale**
- **Overhauled Units to meet CSA Standard (SPE-1000-21)**
- **Option of both 50Hz and 60Hz specifications**
- **ISO 9001 QMS Certified.**

# At Kings Engineering we care and we deliver
