

Northwest Mining

Mining for the future

COMPANY OVERVIEW

About Us

Northwest Mining Company is a locally owned and operated mine support business based in Muswellbrook, NSW. Since 2010, we've delivered dependable services across the mining and energy sectors, earning a reputation for quality, responsiveness, and safe work practices.

Our expertise spans large-scale operations through to smaller contractors, giving us the flexibility to adapt to different site requirements while maintaining consistently high standards. We support mining and energy operations through:

- ✔ Equipment Hire
- ✔ Automotive Services & Repairs
- ✔ Workforce Hire Solutions
- ✔ Fabrication Services
- ✔ Offset and Pastoral Services
- ✔ Field Service & 24/7 Support

With a mine-ready fleet and a skilled local workforce, we keep client operations running safely and efficiently — reducing downtime and ensuring compliance.

Vision, Mission & Core Values

Vision

To be the leading regional partner in sustainable mining and civil support - where innovation, reliability, and community commitment drive a better future for people and the environment.

Mission

We provide innovative, reliable mine and civil support solutions that empower our people, strengthen our communities, and protect the environment - every project, every time.

Core Values

- Safety first - always.
- Pride in performance - we deliver with integrity and reliability.
- Innovation and learning - we challenge ourselves to find better ways.
- Community and teamwork - we succeed together, building strength across our region.
- Sustainability - we respect the land and the future we build on.

What We Do

Project Solutions

More than equipment hire, we deliver end-to-end solutions tailored to each site's unique requirements.

Pit Operations

Full supply of equipment, operators, and skilled labour to keep mining and pit services running efficiently.

- ✔ Engine, Transmission & Suspension Repairs
- ✔ 4wd Solutions
- ✔ Electrical and A/C Systems
- ✔ Routine Maintenance and Log book servicing

Equipment Hire

Northwest Mining Company has built a strong reputation in mine support services, with origins dating back to the 1980s. Acquired in 2014, we have since expanded our capabilities to include specialised heavy mining equipment hire, serving key mining regions such as the Hunter Valley, Gunnedah and Muswellbrook.

With over 60 years of combined experience, our team provides cost-effective, well-maintained, and mine-compliant equipment, ensuring maximum efficiency and minimal downtime for our clients.

Each piece of equipment is meticulously maintained and complies with all safety and regulatory standards to ensure peak performance and reliability.

✔ Modern, High-Quality Equipment

Our fleet is regularly updated and maintained to meet stringent site and safety requirements.

✔ Experienced Operators

We provide skilled, site-inducted operators to enhance productivity and safety.

✔ Flexible Hire Arrangements

Short- and long-term hire options with tailored packages to suit project needs.

✔ 24/7 Support & Maintenance

Dedicated support teams to minimize downtime and ensure smooth operations.

✔ Compliance & Safety Focus

Our equipment meets or exceeds all regulatory standards, ensuring safe and efficient project execution.

Workforce Hire

NWM provides reliable, site-ready personnel across mining, civil and agricultural operations. With 90% of our workforce based locally, we supply experienced people who understand site requirements, safety standards and production demands.

- ✔ Wear Plates and Pipework
- ✔ Stainless and Aluminium work
- ✔ Bucket/Arm Repairs

Our People

Northwest Mining employs over 100 skilled professionals, with 90% based in the Hunter Valley, reinforcing our commitment to local jobs and regional capability.

Our people are our greatest strength, combining local knowledge and technical expertise to deliver quality outcomes across all sites.

As the Hunter Valley's largest automotive training facility, we lead workforce development through nationally accredited programs, hands-on learning, and industry partnerships.

We invest in leadership, technical training, and upskilling to grow capability and retain talent. With a staff retention rate above 75%, our culture of teamwork, accountability, and pride drives exceptional service.

Passionate, reliable, and committed to continuous improvement, Northwest Mining is a trusted regional partner.

Community Commitment

We believe in giving back to the communities in which we operate. Our involvement includes:

- ✔ Supporting Power FM's "Cruise for Charity"
- ✔ \$5,000 donation for play equipment Muswellbrook South Public School Warrae Wannu prior to school program
- ✔ Donating to the Mark Hughes Foundation "Beanie for Brain Cancer" to date, we have contribution over \$10,000
- ✔ Attended the Maitland Career Expo to promote our apprenticeship program
- ✔ Sponsorship of local sporting groups : Northwest Divas Netball Club, Scone Thoroughbreds, Singleton Greyhounds and Scone Wombats

We are committed to building sustainable local economies by hiring locally and spending locally.

Safety & Compliance

The health and safety of our people, clients and visitors is fundamental to our success.

We are committed to:

- ✔ Providing safe workplaces, equipment and systems of work
- ✔ Ongoing training, supervision and competency development
- ✔ Proactive risk assessment and hazard management
- ✔ Continuous improvement in WHS systems and safe behaviours

Our goal is zero harm. Safety is embedded in everything we do.

Why Choose Northwest Mining

No Bureaucracy, Just Support

Our structure is lean and efficient. You'll deal directly with decision-makers, not layers of red tape. Fast responses, clear communication, and genuine support every step of the way.

Performance-Driven. Relationship-Focused.

At Northwest Mining, we don't just provide equipment and labour — we deliver real results. Our reputation is built on reliability, speed, and honest partnerships that keep projects moving.

Why Choose Northwest Mining

Local Workforce Commitment

We prioritise hiring local. Wherever we operate, we aim for at least 75% local employment strengthening regional communities and building dependable, on-the-ground capability

Industry Knowledge That Counts

Our leadership and field teams bring hands-on experience across heavy industry, not just credentials on paper. From 70-ton excavators to lighting plants and beyond, we understand what works and how to keep it working.

Trusted by Tier-One Customers

We've earned our reputation through long-term relationships, not short-term wins. Major contractors choose NWM because we turn up, deliver value, and make their job easier.

Our Clients

We have supported and continue to partner with industry leaders including:

- ✓ BHP
- ✓ Glencore
- ✓ Rio Tinto
- ✓ Bengalla Mining Company
- ✓ Yancoal
- ✓ Hitachi
- ✓ New Hope Group
- ✓ Whitehaven Coal
- ✓ Monadelphous

Our ability to customise services, remain flexible and adapt quickly to client needs has cemented our reputation as a trusted, long-term partner.
